

Board of Trustees Meeting

February 28, 2024 5:00 PM

Stark Area Regional Transit Authority Board of Trustees Meeting January 24, 2024 @ 5:00 PM

Mr. Reinhard called the meeting to order at 5:02 PM.

Attendance

Board (Quorum Present) James Reinhard (Vice President), Gregory Blasiman, NaSheka Combs-Lemon, Margaret Egbert, Rex Morey, Myra Watkins, and Chet Warren.

Excused

Ron Macala (President)

Ms. Egbert moved to accept the excused absences. Mr. Blasiman seconded the motion; the vote passed unanimously.

Staff

Kirt Conrad (Executive Director/CEO), Latrice Virola (Director, Customer Relations), Tammy Marie Brown (Director, Human Resources), Carrie Domer (Director, Finance), Craig Smith (Director, IT), Clayton Popik (Director, Development & Special Projects), Michael Mouser (HR Benefits Manager), and Sheila Gines (HR Administrator).

Other

Paul Malesick (KWGD)

Approval/Correction of Minutes

October 11, 2023 October 25, 2023 November 8, 2023 December 13, 2023 January 10, 2024 Mr. Warren moved to adopt the minutes. Ms. Combs-Lemon seconded the motion; the vote passed unanimously.

• Board Committee Reports

 Mr. Reinhard asked for the nominations for president and vice president. Mr. Ron Macala was nominated president, and Mr. Reinhard was nominated vice president.

Mr. Warren moved that Ron Macala be president-elect and Mr. Reinhard be vice president-elect. Mr. Morey seconded the motion; the vote passed unanimously.

Departmental Reports

- Transportation & Maintenance
 - Ridership is up by 11% increase year over year.
 - New bid sign-up begins January 29, 2024.
 - SARTA declared two (2) days using inclement weather routes. One (1), once the roads were cleared, went back to regular routing.
 - Workers are still needed in maintenance. The employees are working overtime to keep the older vehicles on the road.
 - Thirty-three (33) buses are scheduled to arrive. We have received three (3) 35' Gilligs this week.

• Finance

- December final numbers were not completed in time for this board report but will be placed in the February packet.
- In October and November, we were over revenue and under on expenses.
- SARTA received the ODOT contract for Wayne County and will receive the grant money shortly.
- 2024 grants are being held. You will see our reserves go down until the money begins to be distributed to us.

• Special Projects & Development

- The Massillon building interior is moving along well. The second phase will begin in early spring to construct the new parking area, complete the landscaping, and remove the temporary bus shelters. We will schedule a soft opening before our grand opening later in March.
- HVAC arrived in Canton and will be installed at the beginning of March.
- Wayne County Transit ended with providing 20,442 trips in 2023. Work trips made up 86.53% as the number one reason for the ride, and medical was the number two at 4.02%. The significant user increase outweighed our capacity, leading to the decision to scale back service in November.
- The transportation needs study around the Hall of Fame and Hall of Fame Village for the current and future, and it should be wrapping up in February of this year.
- SARTA will update its Title VI program with the FTA. This report is due in April and covers the last three (3) years of service delivery and planning. The update will be presented to the Board in March.
- Projects coming in 2024: Microtransit services through Via like Uber and Lyft. Hydrogen upgrades will include increased fuel capacity, point of sale for selling hydrogen, and storage capacity. Centralized call center – We are still

consulting with IBI Group and NEORide to finalize our plans to host a centralized call center for northeast Ohio transit authorities.

• Customer Relations

- This Valentine's Day, we will recreate the campaign from last year, Ohio Loves Transit.
- SARTA's planning department will travel to New Orleans in February to receive the APTA (American Public Transportation Association) 2024 1st prize Adwheel Award for our new campaign of community partners.
- SARTA will highlight a SARTA sensation of one of each group every month: union member, administration, and rider, beginning in February and will be every month this year. We will also pick a proline rider and a fixed route rider to highlight as well.

Information Technology

- IT has been supporting the installation of connecting the new administration building with the current building/system, ensuring we have all the components.
- Massillon's passenger signs outside will look like those of Belden Village.
- Genfare ticket vending machines, which are cashless, will be placed in Massillon, Belden Village, and Alliance locations.
- When the new vehicles arrive, they will be outfitted with the new validator machines, which will accept credit cards, SCORE Cards, and Touchdown Cards.

Human Resources

- A perspective on the hiring process: out of the twenty-seven (27) individual new hires, ten (10) are no longer here.
- A new class of CDL Operators started on Monday. We offered eight (8), and three (3) started.
- Internal promotions that have been given had to be placed on hold. They
 will transfer to their new promotion positions once new staffing is trained for
 the positions they will be leaving.
- Employee appreciation party was held this past Sunday. Acknowledgment of 2023 perfect attendance and accident-free were highlighted.

• Communications from the Board President

• On Friday, we will be a part of three (3) concept papers for the Department of Energy (DOE). The first grant is working with EPRI (Electric Power Research Institute), who invited us to participate in the DOE grant, which could potentially be used for a mobile hydrogen station deployed along I76 and I80 from New York to Chicago. The second grant is working with the EDF (Environmental Defense Fund) and NSPS (National Society of Professional Surveyors) on a new way to capture hydrogen that escapes to recycle it. The third grant works with Cleveland State and potentially the University of West Virginia on a community outreach plan around hydrogen.

Working on a Hydrogen Quorum Grant between New York and Chicago. We have spoken with New Jersey, Pennsylvania, Illinois, Michigan, and Ohio. Ohio Turnpike will be the co-lead applicant. We are still waiting to talk with Indiana and the State of New York. It will be about a twenty-five (25) million dollar ask for local match share by industry partners.

Adjournment

Mr. Warren moved to adjourn the meeting at 6:12 PM. Ms. Watkins seconded the motion.

Stark Area Regional Transit Authority Board of Trustees Work Session February 14, 2024, @ 5:00 PM

Mr. Macala called the meeting to order at 5:02 PM.

Attendance

Board (Quorum Present)

Ron Macala (President), James Reinhard (Vice-President), Gregory Blasiman, Rex Morey, Margaret Egbert, NaSheka Combs-Lemon, and Myra Watkins.

Excused

Chet Warren.

Ms. Egbert moved to accept the excused absences. Mr. Morey seconded the motion; the vote passed unanimously.

Staff

Kirt Conrad (Executive Director/CEO), and Michael Mouser (Benefits Manager).

Other

Paul Malesick (KWGD).

Resolution

#1 – A Resolution To Apply For FY 2024 Innovative Coordinated Access And Mobility Pilot Program

Ms. Egbert moved to adopt the resolution. Mr. Blasiman seconded the motion; the vote passed unanimously.

Communication from the Executive Director/CEO

- Mr. Conrad stated that we are in the first step with other transit agencies of the statewide fare media. This project should lead to 6-10 new positions, which should be salaries covered by all the membered agencies.
- Match funding for the ICAN grant was received.
- SARTA has received three (3) other grants as well.
- SARTA is looking at a new hydrogen projects with partners.

Executive Session began at 5:08 PM and ended at 6:21 PM

Appointment, employment, dismissal, discipline, promotion, demotion, or compensation of a public employee. Purchase of property for public purposes.

Adjournment

Mr. Warren moved to adjourn the meeting at 6:22 PM. Mr. Blasiman seconded the motion.

Transportation & Maintenance

Mark Finnicum Chief Operations Officer

END OF REPORT

Development & & Special Projects

Clayton Popik Director

Department of Development & Special Projects

Massillon Transit Center

One of the biggest tasks for Massillon began this week. The installation of the metal panels creating the exterior canopies is in progress. The outside of the building is just about complete and still receives great comments on its attractiveness. Inside, ceilings have been installed, restrooms are operational, doors are being hung, and flooring will finish installation in the next few weeks. We should be able to begin service mid- to late-March.

Gateway Site

The punch list has been created for the new administration building. We are down to the final few weeks before occupancy. The contractor has begun final painting and flooring installation. Preparations are being made for furniture to arrive on February 28th. We should be able to begin moving staff in mid-March.

HVAC Repairs and Upgrades

The new rooftop unit is now in Canton. We will continue to work with the contractor to establish an install date. Due to the need to turn off the heat to complete this task, we will establish a date in early March to complete this project unless a week of warmer weather occurs sooner which isn't looking likely.

Wayne County Transit (WCT)

We are starting 2024 off with providing 922 trips in January with 66 individual riders. Work trips (84.36%) are remaining the number one reason people are riding with WCT with personal and medical (7.38% and 5.95%) being the number two reasons. The charts below illustrate the WCT ridership trends that occurred throughout January.

February 20th saw our first trip scheduled to the additional service we contracted through Via. Via worked with a subcontractor, Ace Taxi, to provide some additional capacity for WCT. As we see how this dynamic develops over the next few we will work with CAW/M to ensure as many WCT rides are being provided as possible with the resources we have.

Streetcar

We are currently awaiting the completion of the Stark County Regional Planning/SCATS Parking and Transportation study to determine next steps for Streetcar Planning.

Title VI Update

This year SARTA will update their Title VI Program with the FTA. This "program" is a report that outlines how SARTA meets criteria laid out for providing federally funded services in regard to classes protected under Title VI – race, color, and national origin. It will demonstrate policies, notices, and complaint reporting procedures SARTA holds in maintaining compliance with the FTA's Title VI requirements. It is being brought to the board for review and approval at the February 28th meeting. It is due to be submitted to the FTA by April 1st.

Projects Coming in 2024

Microtransit services through Via: We procured Via's services at the end of 2023. They will help us determine the launch of an on-demand style service where passengers can book rides sooner than the current 3-day booking window. This service will help in areas where transit demand is necessary but fixed route is not feasible. We are currently working with Via to fine-tune our desired scope of work and finalize the contract. This will be a zonal service where passengers can book rides within the zone or to a nearby transit center to make connections to fixed route.

Hydrogen upgrades: We are still working through supply-chain issues in finalizing upgrades to the hydrogen compound and fueling stations. This project will consist of increased capacity for fueling, point of sale for selling hydrogen, and increased storage capacity. This will most likely be completed in several stages throughout 2024 as components become available.

<u>Centralized call center</u>: We are still working with IBI Group and NEORide to finalize our plans to host a centralized call center for northeast Ohio transit authorities that wish to participate in this project. We are still working out the operational and personnel logistics to start this. A similar project was started last year through SORTA in southwest Ohio.

Current administration building renovation: As we complete the new administration building and move staff into it in within the next several months, we will be able to fully understand the needs of the current administration building. It will continue to house two departments – Operations and Customer Service. We have been working with Bowen to come up with a renovation plan that will allow the building to contain some of the same features that were incorporated into the new building such as increased break space for employees, upgraded restrooms, a new elevator, and more workspaces to reduce the number of shared workspaces where there may be 2-4 people working at a time. The centralized call center also is an important component to the need to renovate this building to create space for the staff that would help operate it.

Introduction

The Stark Area Regional Transit Authority (SARTA) was established in 1997 to meet the public transportation needs of Stark County, Ohio residents. SARTA provides more than 2.5 million rides annually to commuters, seniors, individuals with disabilities, students, and veterans through the system's fixed routes, Proline, MedLine, veterans, and campus bus services.

Along with providing safe, reliable, affordable transportation to destinations in Stark and beyond, SARTA is a nationally recognized leader in the use of transit technology. Receiving numerous awards for its clean energy initiatives which include the acquisition and deployment of one of the world's largest fleets of hydrogen fuel powered buses.

SARTA is determined to serve Stark County residents, and more specifically, its dedicated ridership through both its Mission and Vision statements as noted below and does not discriminate anyone wishing to use the services provided. Most notably regarding this report, SARTA is dedicated to ensuring that services are not denied based on race, color, or national origin. As demonstrated in this document, SARTA is compliant in all aspects of Title VI requirements for an institution receiving Federal funding to deliver services.

SARTA Mission Statement

SARTA is committed to enhancing the quality of life for our community by providing efficient, affordable and sustainable mobility options for Stark County.

SARTA Vision Statement

To enhance the economic and environmental viability of Stark County by providing mobility access for

- employment, education, medical care, and recreational opportunities. We will do this by:
- Operating within budget and in a financially responsible manner.
- Enhancing quality of life through personal independence.
- Offering mobility options to meet the diverse needs of the public.
- Creating an environment supporting professional development to ensure a dynamic workforce operating according to the highest ethical standards.
- Continuing our efforts to utilize alternative energy sources for our fleet and facilities.

SARTA Governance

SARTA's Board of Trustees is comprised of nine (9) board members appointed by the Stark County Commissioners, Stark Council of Governments, and the mayors of Alliance, Canton, and Massillon. Board meetings are held on the second and fourth Wednesday of each month at 5:00 pm at SARTA's main administrative facility on Gateway Boulevard.

The SARTA Board of Trustees passed approval of the Title VI Report/Program on ______ with Resolution #______. This resolution is Attachment 1.

Purpose

The purpose behind this document is to describe how persons protected under Title VI can ride with SARTA confidently knowing that their rights will not be infringed upon. As stated in our main building, transit centers, and on-board our vehicles (see Attachment 2):

SARTA prohibits discrimination based on race, color, or national origin in all programs and activities as mandated by Title VI of the Civil Rights Act of 1964.

SARTA further designates the Executive Director/CEO as the one ultimately responsible for implementation, structure, and compliance with SARTA's Title VI Program. SARTA's Executive Director/CEO has executed the agency's policy statement as noted in Attachment 3.

The Executive Director/CEO has designated a Title VI Administrator who reports directly to the Executive Director/CEO. The Title VI Administrator is responsible for developing and managing SARTA's Title VI Program and seeing that all Title VI complaints are investigated thoroughly.

The following individual has been appointed as SARTA's Title VI Administrator by the Executive Director/CEO:

Clayton Popik Director of Development & Special Projects 1600 Gateway Boulevard SE Canton, OH 44707 330-477-2782 ext. 503 cpopik@sartaonline.com

Public Notice

SARTA places physical notices of Title VI rights and contact information throughout the system. Attachment 2 shows the Title VI Notification Posting. This posting is located on all SARTA vehicles, the lobby of our administrative office, and each transit center – Massillon, Belden Village, Cornerstone/Downtown Canton, and Alliance.

SARTA also places Title VI information on a dedicated page on its website at <u>https://www.sartaonline.com/contact/title-vi-complaints/</u> Here, there is a full description of the rights of each passenger and the full instructions on the complaint process. Complaints can be filed physically, sent in by mail, or filed electronically. Passengers may also file complaints by phone or fax. Information for filing directly with the Federal Transit Administration (FTA) is also located on the website.

Attachments 4 and 5 show the web page and the physical complaint form available for download to be sent to SARTA or the FTA.

Internal procedures that govern how Title VI investigations will be handled are noted in Attachment 6. This attachment describes how complaints are handled for the agency. Should a complaint come in as

Title VI or appears to be a potential Title VI violation, the complaint will be handled directly by the Title VI Administrator.

For the plan years 2021-2023, there were no Title VI violations.

Public Participation

SARTA maintains a Public Comments Regarding Fare and Service Changes policy which was made effective in October of 2018. This document guides SARTA's Customer Relations staff in how all information regarding fares and service changes will be communicated to the public. Attachment 7 shows this policy. When it is decided that changes are warranted, the policy defines what is considered a major change, advertisement procedures, and how comments can be made. By providing the ability to submit comments in any form, SARTA can capture comments from across the service area regardless, of geography, time, or language barriers.

Since 2021, SARTA has reached out to the public for comment on service changes a total of ten (10) times. Due to the COVID-19 pandemic, SARTA had made service adjustments to react to various social recommendations and guidance. Service reductions were made to ensure we were fully compliant. Since the end of the pandemic, SARTA has sought to restore fixed route services to pre-pandemic levels. Information Sessions allowed SARTA to engage with the public on major service changes. Attachment 8 shows a comprehensive listing of these events and how they were hosted since COVID created a need for virtual participation which we have found beneficial.

SARTA also engaged the public a total of fifty-five (55) times through its Outreach Program since 2021. Through this program, SARTA engages with the public at events hosted through local organizations to ensure a continued dialogue of what services SARTA has to offer.

SARTA also engaged with the public through our Streetcar Feasibility Study. This project was aimed at the idea of bringing streetcar back to the Canton area. Informational and Stakeholder Meetings were held to receive feedback on this topic at three different locations and to gauge public perception of having rail back in the community. These meetings are also summarized in Attachment 8.

Board Selections

SARTA does not currently appoint members to any transit related boards, advisory councils, or committees. Should SARTA start a committee made up of outside membership, full consideration will be given to selection of members that best represent our ridership in order to receive the best advice possible for pushing out sustainable and beneficial services to the community.

LEP Four-Factor Analysis & Language Assistance Plan

SARTA has completed a Four-Factor Analysis and developed a Language Assistance Plan (LAP) for identifying any Limited English Proficiency (LEP) populations within Stark County who may encounter the services SARTA offers. Attachment 9 is the LAP developed from the results of SARTA's Four-Factor

Commented [CP1]: Robin started and what changes made since moving out of COVID. Which changes resulted in Informational Meetings. Tim to look into also. Streetcar Meetings

Commented [CP2]: Revisit LEP

Analysis. Included with the plan is the data used to help determine the level of assistance needed for the LEP populations.

Four-Factor Analysis

The U.S. Department of Transportation (DOT) requires its recipients to analyze LEP needs based on four factors. These include:

- 1. Number or proportion of LEP persons served or encountered in the eligible service population.
 - a. According to the American Community Survey 5-Year Estimates, Stark County has a total of 3,822 persons who speak English less than "very well" representing 1.10% of the total population or 0.32% of SARTA's Fixed Route ridership. Table A below shows the breakdown of LEP persons served or encountered through SARTA's Fixed Route service.

| Table A: LEP Breakdown for SARTA Service Area. | | | | | | | |
|--|----------|------------|--|--|--|--|--|
| Language | Estimate | Percentage | | | | | |
| Spanish | 1,509 | 0.12% | | | | | |
| Other Indo-European | 768 | 0.06% | | | | | |
| Asian & Pacific Islander | 548 | 0.05% | | | | | |
| Other | 170 | 0.01% | | | | | |

It can be determined that individuals who speak Spanish are the largest LEP group represented, which still only account for 0.12% of SARTA's Fixed Route ridership.

- 2. Frequency with which LEP individuals come in contact with the program, activity, or service.
 - a. Exhibit A below is the SARTA service area overlaid with the LEP block groups. The scale shows density of LEP individuals that come in contact with SARTA routes. The highest concentration SARTA comes in contact with is 100 people per square mile.

b. SARTA has also received requests through the Canton City Schools English as a Second Language Classes. Through a collaborative effort with our Travel Training Program and the teachers and interpreters from the school, SARTA can provide information about our services to the students. SARTA can also gain insight on what languages the information may need translated into.

- c. An internal survey of SARTA Customer Service Representatives revealed that staff encounters an estimated less than 5% of LEP individuals.
- 3. Nature and importance of the program, activity, or service.
 - a. SARTA is the only public transportation system in Stark County, Ohio; therefore, making SARTA services vital to the community. Moreover, we have not denied anyone service due to LEP barriers. SARTA will provide travel training to individuals who are seeking help with our services.
 - b. SARTA has also surveyed riders and community representatives regarding language and overall satisfaction. Items such as our website and mobile applications rate positively amongst people in the community as points of communication. In 2018, riders were surveyed as part of our TDP where 2% said they speak Spanish, but only 1% of respondents said they did not speak English well which is consistent with the American Community Survey results.
- 4. Resources available to the recipient and costs.
 - a. SARTA has federal, state, and local tax support. However, since no foreign language population can be identified as needing translated materials; it is not necessary or fiscally responsible to arbitrarily select a language to translate SARTA information into. However, since individuals who speak Spanish appear to come in contact with SARTA services most often, the SARTA LAP demonstrates what can be done and the process for handling case-by-case situations where services and materials may need translated. The LAP is attached to this program as Attachment 9.

Commented [CP3]: Sort out attachment numbers and add to end of program.

Facility Site Equity Analysis

Since 2021, SARTA saw the beginning of two projects and land acquisitions. Additional acreage was purchased surrounding the main campus on Gateway Boulevard increasing the SARTA footprint, but not altering the purpose or general use of the property. The second was purchasing new land in downtown Massillon for the construction of a new transit center. This was an accelerated acquisition due to the result of legal action taken between the city of Massillon and SARTA. Two Site Equity Analyses and the appropriate FTA approvals are Attachment 10.

The Gateway expansion was done in two projects. The reason for this was to increase the SARTA footprint where at the time, there was no additional space for expansion and creating a new campus was deemed too costly. It was decided that acquiring land to the north of the building was preferred to the south as will be demonstrated in the attached Site Equity Analysis. The first part was after the acquisition of the surrounding properties to the north of the main campus; a site improvement project took place. This project consisted of creating additional ingress and egress from the property. Until this time, SARTA only had one main entrance, and this created issues for construction projects as well as safety concerns should there be an emergency evacuation from the property. It also added the additional parking for the increased staffing needs of SARTA due to service and administrative expansions that had taken place over the last three years.

The second part of the Gateway expansion was a new administration building. This building will provide additional office space for SARTA's IT, HR, Finance, and Executive departments. It will also allow for additional meeting space which the current administration building falls short on. The original administration building will be left to the Transportation and Customer Relations departments creating a stronger collaboration to the two frontline departments of the organization.

Lastly, SARTA took on the construction of a new transit center in downtown Massillon. As the attached analysis demonstrates, this property was acquired approximately 0.4 miles or an 8-minute walk from the former Massillon Transit Center. Located right in the heart of downtown, this spot was preferred over other similar locations due to the ability to construct a facility that serves passenger and operational needs. The move was done with the placement of four shelters and a new concrete platform for the passengers. This was completed quickly to fulfill the obligation of litigation from the lease held with the city of Massillon at the old site. The new 5500 square foot facility will allow passengers access to the Massillon-oriented routes and the same downtown locations as the previous site. They will have a beautiful state of the art facility available to them once construction is complete.

Service Standards and Policies

SARTA Service Policies

Vehicle Assignment

Vehicle assignment is handled through our Maintenance Department. Through this method, SARTA vehicles are rotated between routes and their preventive maintenance schedule. With a diverse fleet type, SARTA Maintenance Supervisors are able to ensure all buses are distributed evenly across all routes regardless of age or condition. Through our procurement process, vehicles are purchased in a variety of sizes to ensure our Vehicle Load goals are not exceeded. As new buses arrive, they are rotated into the fleet as the older buses are then approved for removal. This process is overseen by SARTA's Chief Operations Officer and reviewed by the Title VI Administrator to ensure that SARTA's vehicles are assigned in a non-discriminatory way.

Service Amenities

SARTA makes it a point to ensure all passengers are as comfortable as possible when waiting for the bus. Along with stop placement considerations, SARTA also considers placement of additional amenities such as benches, shelters, and lighting where allowable. SARTA also operates four transit centers located in Massillon, Canton, Alliance, and the Belden Village area. This allows for SARTA to provide comfortable amenities throughout the Fixed Route network and makes transferring among routes more comfortable for all riders. In addition to maintaining existing stops and routes, SARTA's Transportation Route Coordinator utilizes the Remix software to ensure route distribution and stop placement is compliant with Title VI requirements. Remix allows for the SARTA network to be overlaid with census data giving SARTA's planning team the ability to ensure even distribution of routes across areas of Title VI protected classes.

SARTA Service Standards

Vehicle Load

SARTA provides two modes of Fixed Route bus service – Local and Express within the greater Stark County area. Local includes service within the immediate Stark County area. Vehicle load for Local Bus is currently

Commented [CP4]: Get with John on vehicle capacity.

0.30 with a goal of no more than 1.0-1.5. SARTA also provides service to Akron and Cleveland through Express Bus service. Vehicle load for Express Bus is .24 with the same goal as Local Bus. Calculations for vehicle load can be viewed in Attachment 11.

Vehicle Headway

SARTA provides two modes of Fixed Route bus service – Local and Express within the greater Stark County area. Local includes service within the immediate Stark County area. While SARTA does not track peak vs. non-peak service, headway and frequency are reviewed. Currently, SARTA averages a Local headway of 65.9 minutes and a frequency of 0.91 buses per hour and an Express headway of 60 minutes with a frequency of 1 bus per hour. Additionally, the Cleveland Express route (4) runs three trips between Canton and Cleveland per day with a dedicated Veteran ridership travelling to the Louis Stokes VA Clinic. Attachment 12 shows the data used to calculate these headways and frequencies.

On-time Performance

SARTA provides two modes of Fixed Route bus service – Local and Express within the greater Stark County area. Local includes service within the immediate Stark County area. SARTA's on-time performance is calculated based on departures from each bus stop as tracked by our Automatic Vehicle Location (AVL) system. A report is then generated for a specific period. SARTA follows a general rule of one (1) minute early up to five (5) minutes late to determine if a route is on-time. SARTA's AVL system analyzes the on-time performance based on this same principle. Currently, the average on-time compliance for the Local service was 80.17% and 71.38% for Express with an overall on-time performance of 79.63%. SARTA works to ensure that schedules are adjusted when necessary to provide the most reliable service possible. An on-time compliance breakdown by route is provided in Attachment 13.

Service Availability

SARTA provides two modes of Fixed Route bus service – Local and Express within the greater Stark County area. Local includes service within the immediate Stark County area. SARTA has an extensive local bus network providing service to the cities and more dense townships. There are four transit centers that provide transfers, customer service, and facilities for the SARTA ridership giving full access to numerous routes originating in the areas of Massillon, downtown Canton, Belden Village, and Alliance. SARTA's goal along these lines is that nobody should walk more than a quarter mile to the bus stop. We provide stops near most intersections as well as in front of major multi-family complexes. When determining stop location, SARTA's Transportation Route Coordinator takes into consideration stop spacing of 700 to 1200 feet depending on factors such as urbanized area, intersection design, and overall safety of riders. This distance falls in alignment with recommendations as stated in AASHTO's *Guide for Geometric Design of Transit Facilities on Highways and Streets*. These standards are as follows: 400ft apart in a CBD; 660ft in an urban area; and 660-1320ft in suburban areas. SARTA's Express Route service keeps stops spaced further apart regardless of distance due to the timing of the route. In order to provide reliable Express Service, the bus cannot make frequent stops between the points of origin and termination.

Subrecipient Oversight & Monitoring

SARTA is a primary recipient of Federal funds and oversees subrecipients receiving Federal funds through the 5310 Program. In addition to their agreement which outlines their Title VI responsibilities, SARTA grants staff are available to answer any questions and coordinate assistance with SARTA's Title VI Administrator. SARTA also issues an annual questionnaire to be filled out by the subrecipient and returned

Commented [CP5]: Tim to look into archived schedules.

Commented [CP6]: 700-1200'

to SARTA for evaluation of any Title VI issues that may have arisen. This questionnaire serves as a checklist of requirements for the subrecipient, an acknowledgement of the requirements, and a way to convey Title VI Complaint information to SARTA on an annual basis. A copy of this questionnaire is included as Attachment 14. SARTA is able to review these questionnaires and determine if any Title VI complaints or violations occurred for the subrecipient. To date, no assistance was requested or required of SARTA on behalf of the subrecipients.

Below is a comprehensive list of SARTA's subrecipients for the last three years and the status of their reporting.

Attachment 4 SARTA Title VI Website Notice - https://www.sartaonline.com/contact/title-vi-complaints/

Title VI of the Civil Rights Act of 1964 states that "no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." The Environmental Justice (EJ) component of Title VI requires recipients of Federal funding to identify and address disproportionately high and adverse effects programs, policies, and activities may have on minority and low-income populations.

In accordance with the provisions of Title VI, SARTA:

- · Prohibits discrimination based on race, color, or national origin;
- · Ensures the availability and equitable distribution of transit services and benefits;
- Invites full and fair participation by all potentially affected communities in the transportation decision-making process;
- · Makes transportation-related decisions without regard to race, color, or national origin;
- Offers the level and quality of service required to provide equal access and mobility for all persons;
 Prevents the denial of, reduction in, or significant delay in the receipt of benefits by minority and low-income
- Prevents the deman of, reduction in, or significant delay in the receipt of benefits by namority and row-incompopulations;
- Avoids, minimizes, or mitigates disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low-income populations.

TITLE VI COMPLAINT PROCESS

Any individual who believes they have been denied the benefits of, excluded from participation in, or subject to discrimination on the grounds of their race, color or national origin may submit a formal complaint to SARTA. Complaints must be filed within 180 days of the alleged incident and may be submitted via the following means:

By mail

Download, print, and complete the Title VI complaint form and mail it to:

SARTA, Director of Development and Special Projects, 1600 Gateway Blvd. SE, Canton, OH 44707 The completed form may also be faxed to (330).454-5476

By phone

Call the Director of Development and Special Projects at 330-477-2782 ext. 503 to file a complaint verbally.

Online

Complete and submit the online form below.

When submitting a complaint please provide the following information:

- · Your name, address and telephone number. If you are filing on behalf of another person, include their name,
- address, telephone number and your relation to that person. A description of how, why, and when you believe you were discriminated against. Include as much background
 information as possible about the alleged acts.
- · The names of individuals whom you allege discriminated against you if you know them.
- · The location, names and contact information of any witnesses
- If the alleged incident occurred on a bus, provide a date, time of day, and bus number
- Complaints may also be filed directly with the Federal Transit Administration.

By mail

Download and complete the FTA complaint form and mail it to:

Federal Transit Administration Office of Civil Rights Attention: Complaint Team East Building, 5th Floor – TCR 1200 New Jersey Avenue, SE Washington, DC 20590

By email

Email the completed for to FTACivilRightsCommunications@dot.gov with "FTA complaint form" included in the subject line.

By phone

Call 866-377-8624, 202-366-4043, 800-877-8339 (TTY) to file a complaint by phone.

Investigation

SARTA will promptly investigate all complaints. Reasonable measures will be taken to protect confidential information. Investigators will interview the complainant, witnesses, and others with knowledge of the alleged violation, identify and review relevant documents, practices, and procedures, and take other steps that may be necessary to determine if a violation occurred. SARTA will make a reasonable effort to complete investigations no later than 14 days after a complaint has been filed unless circumstances impede the investigator's ability to initiate and/or complete the inquiry.

Reporting and resolution

SARTA will issue a final report at the conclusion of the investigation and notify the complainant of the investigator's findings. If a Title VI violation has occurred SARTA will take appropriate steps to resolve the situation.

If there is an appeals process insert it here.

ONLINE FORM

Download the PDF form and mail or fax it to either SARTA or the US Department of Transportation.

Attachment 6 Customer Feedback Procedures

| STARK AREA REGIONAL TRANSIT AUTHORITY | | | | | | | |
|---------------------------------------|--|--|--|--|--|--|--|
| SARTA | | | | | | | |
| CS-18 PROCEDURES PAGE 1 OF 2 | | | | | | | |

CUSTOMER FEEDBACK FORMS

1.0 General Definition

This procedure explains the proper processing of customer feedback to ensure SARTA is providing a quality service to the citizens of Stark County.

2.0 Scope of Procedure

This procedure is intended to provide direction to all SARTA employees involved in the proper processing and follow through on all Customer Feedback.

3.0 Responsibility

 $\ensuremath{\mathsf{Operations}}$, Information Technology, Customer Relations and Human Resources Departments

4.0 Procedure

- 4.0.1 Upon initial contact, every attempt must be made by the employee to obtain record correct information to all of the questions on the Customer Feedback database. If necessary the employee should make every reasonable attempt to educate and inform the customer regarding SARTA services, policies and procedures.
- 4.0.2 Upon receipt, all Customer Feedback must be recorded in the Customer Service Feedback database. Upon record of Customer Service Feedback Customer Relations Supervisor will attempt to make contact with the customer to inform the customer that their feedback has been recorded and let them know SARTA will take the appropriate action to follow through on their feedback. During this contact, the Customer Relations

| Revision No.: | 0 | Approval | Department: | Customer Service |

Supervisor should also obtain any additional information necessary to properly process the feedback form and utilize the opportunity to educate and inform the customer about SARTA's services, policies and procedures.

- 4.0.3 The Customer Relations Supervisor will send feedback to the Operations Administrator if feedback is about an employee in the Operations Department.
- 4.0.4 Once a feedback is received by the appropriate department head or his/her designee, an investigation into the feedback must be completed within three (3) working days.
- 4.0.5 If after a thorough investigation has been completed and disciplinary action is deemed necessary, a hearing should be scheduled immediately. In the case of a Bargaining employee the notification of a hearing must be given to the affected employee and the Union President within five (5) working days of receipt of the feedback form. Any disciplinary action must be administered within thirty (30) days of receipt of the feedback form.
- 4.0.6 The Customer Feedback Form database will be a shared database that Directors, Managers, Supervisors and Customer Service Representatives have access to any time with the appropriate read/write permissions assigned. All Title VI Feedback will be tracked and recorded by the Title VI Administrator and made available to the appropriate personnel only upon request.

Attachment 7 Major Fare & Service Change Policy

PURPOSE

The Stark Area Regional Transit Authority endeavors to communicate and seek public feedback on fare, route and/or schedule changes.

POLICY

The following guidelines are to be followed to bring about public awareness of the changes SARTA has made to fares, routes, or schedules.

1. Changes to Routes/Schedules/Fares

- a. The Transportation Department compiles all proposed changes to routes, schedules, and fares in coordination with the route committee. Changes are then sent to the Planning.
- b. The Planning Department prepares legal notices/postings for the major papers.
- 2. Location of Public Notices
 - a. Public hearings are required to be held only if service will be changed by more than 25% in service miles by either expansion or reduction.
 - b. Prior to public hearings, the Planning Department will secure public meetings space in the four areas serviced. Focusing on the areas of Stark County with the most impact.
 - c. All proposed changes and meeting dates will be posted 2 weeks before hearing in, but not limited to, local newspapers, transfer stations, SARTA website, social media sites and electronic signage.
 - d. Planning and/or Transportation Department representative(s) will attend public meetings, setting up any displays of maps, summaries and optional sign-in sheets, and provide copies of information to the attending public.

3. Public Comment

- a. All comments made at public hearings are recorded.
- b. Citizens have the ability to make public comment via mail, fax or online during a specified period of time.
- c. All comments are reviewed by the Transportation, Planning Departments, as well as members of the route committee.

4. Final Approval a. Final route, service or fare changes must be approved by the Executive Director/CEO. If service will be changed by more than 25% in service miles by either expansion or reduction will also require approval by the SARTA Board of Trustees.

Attachment 8 Public & Informational Meeting Summaries

SARTA Public/Informational Meetings 2021-2023

- August 28th, 2023
 - Public Meetings for changes effective November 2023
 - Virtual on Facebook LIVE and in-person at Stark County District Library and Massillon Public Library
 - Routes for Consideration: 102, 103, 108, 110, 114, 118, 124, 126, 128, 131/133
- April 23, 2023
 - Public Meetings for changes effective May 2023
 - Virtually on Facebook LIVE and at Stark County District Library
 - o Routes for Consideration: 102, 103, 107, 108, 111, 113, 131, 133, 139, 157
- October 27 & 28, 2022
 - o Informational Meetings for changes effective November 2022

Attachment 9 SARTA Language Assistance Plan

SARTA Language Assistance Plan (LAP) 2024-2027 Title VI Program

Purpose:

The purpose of the LAP is to outline the process for handling translation of SARTA materials and/or instruction to individuals who do not speak English as a primary language.

Four-Factor Analysis:

SARTA completed an analysis of the fixed-route service area to determine the number of individuals who may have a Limited English Proficiency (LEP). These four factors are noted below as well.

- 1. Number or proportion of LEP persons served or encountered in the eligible service population.
 - a. According to the American Community Survey 5-Year Estimates, Stark County has a total of 3,822 persons who speak English less than "very well" representing 1.10% of the total population or 0.32% of SARTA's Fixed Route ridership. Table A below shows the breakdown of LEP persons served or encountered through SARTA's Fixed Route service.

| Language | Estimate | Percentage |
|--------------------------|----------|------------|
| Spanish | 1,509 | 0.12% |
| Other Indo-European | 768 | 0.06% |
| Asian & Pacific Islander | 548 | 0.05% |
| Other | 170 | 0.01% |

It can be determined that individuals who speak Spanish are the largest LEP group represented, which still only account for 0.12% of SARTA's Fixed Route ridership.

Frequency with which LEP individuals come in contact with the program, activity, or service.
 a. Below is the SARTA service area overlaid with the LEP block groups. The scale shows density of LEP individuals that come in contact with SARTA routes. The highest

- b. SARTA has also received requests through the Canton City Schools English as a Second Language Classes. Through a collaborative effort with our Travel Training Program and the teachers and interpreters from the school, SARTA can provide information about our services to the students. SARTA can also gain insight on what languages the information may need translated into.
- c. An internal survey of SARTA Customer Service Representatives revealed that staff encounters an estimated less than 5% of LEP individuals.
- 3. Nature and importance of the program, activity, or service.
 - a. SARTA is the only public transportation system in Stark County, Ohio; therefore, making SARTA services vital to the community. Moreover, we have not denied anyone service due to LEP barriers. SARTA will provide travel training to individuals who are seeking help with our services.
 - b. SARTA has also surveyed riders and community representatives regarding language and overall satisfaction. Items such as our website and mobile rider application rate positively amongst people in the community as points of communication. In 2018, riders were surveyed as part of our TDP where 2% said they speak Spanish, but only 1% of respondents said they did not speak English well which is consistent with the American Community Survey results.
- 4. Resources available to the recipient and costs.
 - a. SARTA has federal, state, and local tax support. However, since no foreign language population can be identified as needing translated materials; it is not necessary or fiscally responsible to arbitrarily select a language to translate SARTA information into. However, since individuals who speak Spanish appear to come in contact with SARTA services most often, the SARTA LAP demonstrates what can be done and the process for handling case-by-case situations where services and materials may need translated.

Method of Translation:

Should individual requests be made for LEP assistance, SARTA is willing to respond with third party assistance. With our recent experience, Canton's Adult Non-English-Speaking class through Canton City Schools is willing to assist us at no charge.

Individuals requesting service, sign up for their services. However, at the current time, there is no single large population of individuals with an LEP. SARTA has developed the below process for assisting individual riders who may need translated materials for the services provided. SARTA also recognizes that Spanish-speaking riders are the LEP group that could be encountered the most at approximately 1500 individuals. The below process will not only work for them, but other LEP individuals as well.

All requests for LEP assistance will be directed to our Travel Training Program. Travel Training is designed to show potential riders how to use our services. Travel Training staff would use the following plan of action:

- 1. Determine if they are taking English Speaking Classes or have someone in their family that may be available for a preliminary discussion on their Travel Training needs.
 - a. If they do, set up time to talk with the teacher or the family member to get some basic information.

- b. If they do not, contact the teachers of the English-speaking class through Canton City Schools to assist with some initial translation or to assign an initial translator. There is no fee for this service.
- 2. Determine preliminary information: name of the trainee, the information they want to know, where they want to go and when they want to do the training.
 - a. Riding the bus provide the individual with forms prior to the training session and an outline and brief explanation of how the program works.
 - b. Not riding the bus meet with the trainee and have them read over the forms with the service information and then answer any questions using the iTranslate application. Travel Training sessions not riding the bus are very rare and are not recommended because most of the information that is given to non-English speaking riders will be visual.
- 3. Prior to taking a rider out, staff will go out on the route and take pictures of the bus stops and landmarks near the stops to use as visuals during the TT session. Detailed information in Spanish, using Google translate, will be given on the regular schedules to help them determine where their stops are and what time they need to be at their stop.
- 4. On the day of the trip staff will use the iTranslate application on cellular devices and prepared photos to complete the trip and answer any questions the trainee may have.
- 5. Index cards may be created for additional assistance for the trainee to take on the bus to help communicate with the driver, i.e., transfer please, transferring to 108, etc.
- 6. Another resource that is available to SARTA and any LEP riders, is Ohio Relay through their International Relay program. Dialing 711 or 800-676-4290 will help get LEP individuals in contact with translating services for not only SARTA, but for other agencies they may require the services of in the area.

These steps will be adjusted and tailored to the individual training session as needed.

LEP Monitoring:

With each update to SARTA's Title VI Program, LEP populations will be studied through all means possible. As demonstrated below, SARTA sought information on LEP populations through the American Community Survey, on-board surveys, and customer and community surveys. The methods described in detail below demonstrate how SARTA currently and in future will monitor LEP needs of the service area.

In 2018, SARTA distributed an on-board survey to directly determine LEP needs of the ridership. As seen in the results, the highest language spoken other than English was Spanish at 2% of the total respondents. Of these individuals, only 1% reported speaking English, "not well".

Figure 36 English Proficiency

Q37 Do you speak English... (Source: SARTA Onboard Survey, 2018)

In 2020, passengers were surveyed as a way to determine satisfaction with the services offered and the standard methods of communication. This was a part of SARTA updating their TDP. The chart below shows that traditional methods of communication were viewed favorably.

Source: CJI Research, LLC

In 2022, SARTA performed a Customer & Community Survey to determine overall service satisfaction. The charts below demonstrate the positive feedback on materials and services and did not demonstrate a need for translated materials outside of individual requests.

By regularly surveying the ridership and community and updating other strategic documents such as the TDP, SARTA can monitor the LEP populations to determine need of translated materials. By reviewing factors such as the American Community Survey and comparing LEP needs against ridership trends as well

as reviewing overall customer satisfaction through regularly scheduled surveys, SARTA can conclude that there is a need for an LAP, however the need for having translated materials on-hand at all times does not exist.

Employee Training:

Customer Service Representatives and Travel Training staff are knowledgeable of all SARTA policies and procedures. Through their efforts in handling calls from the passenger, they help determine the needs of LEP individuals. As new methods of translating materials for LEP individuals become available, they would be the first to utilize these methods and trained on any updated SARTA procedures.

The other group of employees that would need to be kept up to date on any new or innovative way of translation would be the drivers. They face the ridership every day and any increase in LEP individuals would be noticed by them. Tools and materials such as note cards and/or pictographs could be made a part of their paddles as resources to have on route.

Attachment 10 SARTA Site Equity Analyses & FTA Concurrence for Gateway & Massillon Sites

Facility Site Equity Analysis – Gateway Expansion

Purpose

This analysis is to determine if there were any disparate impacts to the decision to expand SARTA's main property at 1600 Gateway Boulevard SE in Canton to the north creating better ingress/egress, increase parking, and expand its administrative building.

Background

Built in the early 1980's, the facility SARTA occupies housed the Canton RTA and was built to fulfill the need of the time. SARTA being formed almost twenty years later, had begun to outgrow the property. Wishing to stay at the current location, SARTA began exploring the possibility of expanding and wished to do so in the least impactful way. This analysis will explore the two choices SARTA had to make – expansion to the north or expansion to the south.

Ultimately, SARTA sought to purchase the land to the north for reasons outlined below as the least impactful alternative in their site expansion. This required purchases to be made from a private developer of unusable wooded hillside, unused land from Stark Metropolitan Housing Authority, and land from the City of Canton within Crenshaw Park.

A NEPA study was completed and accepted by the FTA in writing on July 7, 2020 and construction began in February of 2022. SARTA did not seek to alter the current use of the property even with the expansion. SARTA operates fixed route and complementary paratransit services from this location and will continue to do so. Other uses of the property include Hydrogen and Compressed Natural Gas (CNG) dispensing as well as traditional diesel.

Public Outreach

Due to the global pandemic of the COVID-19 outbreak, SARTA held virtual Facebook Live meetings to receive input from the public regarding this expansion. Aside from comments from the FTA July 7th letter, SARTA received no other input as to the use of the land. The impact to the immediate public – both in the SMHA properties and those that would make use of Crenshaw Park had no concerns of the relatively small portions SARTA was acquiring.

Alternatives

SARTA considered one alternative to purchase the land to the immediate south of the campus which would result in the demolition of occupied homes along Charles Ede Boulevard SE impacting twenty (20) single family homes. This alternative was not only costly, but would have had a greater impact on the local population than the land to the north which was already deemed unusable by the previous owners.

Conclusion

In the end, it was determined that by purchasing land to the north there would be little to no impact on the protected classes of Title VI. The land had either been uninhabited, vacated, or undesired by the current owners. This proved less impactful than the alternative of expanding to the south where families would have been relocated. The disparate impact to the south would have been great and almost unsustainable as a viable solution to SARTA's need for facility expansion.

U.S. Department of Transportation Federal Transit Administration REGION V Illinois, Indiana, Michigan, Minnesota, Ohio, Wisconsin 200 West Adams Street Suite 320 Chicago, IL 60606-5253 312-353-2789 312-886-0351 (fax)

July 7, 2020

Mr. Kirt Conrad CEO/Executive Director Stark Area Regional Transit Authority 1600 Gateway Boulevard SE Canton, Ohio 44707

RE: Environmental Review Approval for the Gateway Facility Expansion

Dear Mr. Conrad:

The Federal Transit Administration (FTA) has evaluated environmental review documents submitted by the Stark Area Regional Transit Authority (SARTA) for the proposed Gateway Facility Expansion. FTA finds that the project meets the criteria for a National Environmental Policy Act (NEPA) categorical exclusion in accordance with 23 CFR § 771.118 (c)(8) Maintenance, rehabilitation, and reconstruction of facilities that occupy substantially the same geographic footprint and do not result in a change in functional use, such as: improvements to bridges, tunnels, storage yards, buildings, stations, and terminals; construction of platform extensions, passing track, and retaining walls; and improvements to tracks and railbeds. The project will be an undertaking requiring federal approval.

SARTA (the grantee) is proposing to expand its Gateway Facility to meet its current operational requirements and facilitate planned service expansions. The building expansion scope of work includes:

- Constructing an 84,050-square foot (172' x 488' x 8') single story and slab on grade addition to the existing facility. The addition will be a similar in height and character as the existing facility.
- Installing five (5) vehicle maintenance bays and parts room, office/training/locker area in the northeast corner of the garage, secure parking for 40 paratransit vehicles and 20 fixed route buses.
- Constructing a 100-space parking lot adjacent to the east side of the expansion.
- Constructing driveways to and around the building that will be either concrete or heavyduty asphalt.
- Installing security fencing, bollards and gates at each entrance. Camera surveillance will surround the new perimeter matching existing building security.

The environmental records reviewed by FTA consisted of a Documented Categorical Exclusion (DCE) checklist dated July 7, 2020, and additional supporting information. On November 18, 2019, in accordance with 36 C.F.R. Part 800 – Protection of Historic Properties and the National

1 of 3

FTA Environmental Review Approval Gateway Facility Expansion, Canton, Ohio Page 2 of 3

Historic Preservation Act (NHPA), FTA provided the Ohio History Connection (SHPO) with the following determinations: Area of Potential Effect (APE); National Register of Historic Properties (NRHP) eligibility determinations; and an effects assessment finding of no historic properties affected. SHPO provided its concurrence in correspondence dated March 26, 2020.

To accommodate the expansion project, SARTA must acquire a total of 6.08 acres from the City of Canton's (City) property. Of this total, 3.23 acres are located in Crenshaw Park, which constitutes a use of a Section 4(f) property. On June 26, 2020, the City of Canton Parks and Recreation Department concurred with FTA's preliminary *de minimis* finding under Section 4(f) of the Department of Transportation Act of 1966 (23 C.F.R. § 774.17(2)). SARTA did not receive any other input during two Facebook Live virtual meetings held on March 25, 2020 and June 24, 2020. With this letter, FTA finds that SARTA's use of Crenshaw Park is *de minimis* under Section 4(f) because the proposed Project will not adversely affect or otherwise restrict the features, attributes, or activities of the resource qualifying the property for protection under Section 4(f).

The expansion project's footprint will also require clearing 1.2 acres of forested area within the total 6.08 acres being acquired. On May 5, 2020 in accordance with Section 7(a)(2) of the Endangered Species Act of 1973 (ESA) (87 Stat. 884, as amended; 16 U.S.C. 1531 *et seq.*), FTA provided the United States Fish and Wildlife Service (USFWS) with the following determination: adverse effect on Federally listed endangered Indiana bat (*Myotis sodalis*) and/or Federally listed threatened northern long-eared bat (NLEB) (*Myotis septentrionalis*). FTA informed USFWS that the agency agreed to follow all required avoidance and minimization measures as outlined in the February 5, 2018 Programmatic Biological Opinion for Federally funded or approved transportation projects that may affect the Federally listed endangered Indiana bat (*Myotis sodalis*) and/or Federally listed threatened northern long-eared bat (NLEB) (*Myotis septentrionalis*). USFWS provided its concurrence in correspondence dated June 19, 2020.

This NEPA determination applies only to the proposed project as described in the DCE checklist and supporting materials. Any changes to the proposed project which could result in significant environmental impacts not outlined in the DCE checklist, including the disclosure of new information or previously unidentified environmental concerns, will require a re-evaluation of this proposed project under NEPA.

This confirmation of a categorical exclusion does not provide FTA commitment that future Federal funds will be approved for this proposed project. Any costs incurred under FTA preaward authority must meet all Federal requirements prior to those costs being incurred in order to retain eligibility of those costs for future FTA grant assistance.

If you have further questions regarding this determination, please contact Mark Kane at 312-353-1552 or <u>mark.kane@dot.gov</u>.

Facility Site Equity Analysis – Massillon Transit Center

Purpose

This analysis is to determine if there were any disparate impacts to the decision to locate the new Massillon Transit Center from the Hampton Inn parking garage at 41 Erie Street to 227 Tommy Henrich Drive NW in downtown Massillon.

Background

Due to the result of litigation between the city of Massillon and SARTA as well as having outgrown the space SARTA was making transfers in, it was determined that the previous site of the Massillon Transit Center at 41 Erie Street South in Massillon would be vacated, and a new location determined to be the best suitable solution at 227 Tommy Henrich Drive NW. This site was chosen from three (3) others located within the downtown Massillon area.

A NEPA study was completed and accepted by the FTA in writing on August 4, 2022, and construction began in January 2023. During the NEPA study, demographics for the area were studied. At this time, census data showed that this parcel lies in block group 39151.715000.1 with 665 households with a median income of \$44,924. The population for this block group is 1,433 where 9.4% are minorities. Overall, Massillon is a city with 17.3% of the population in poverty and a 17.08% minority population. Maintaining a transit center within the city will continue to provide services to classes of people protected by Title VI.

Public Outreach

Due to the time constraints of the litigation resolution, notice was given to the public but there was no time for holding actual meetings. SARTA worked in good faith to provide the best communication possible to the general public and the ridership on the move from the former facility to the temporary facility that was set up at the new site. SARTA had even gone so far as to create updates through a standing Facebook Live agreement with Q92 – a local radio station.

Alternatives

When evaluating alternatives for relocating the Massillon Transit Center, it was found that few other sites existed within the immediate downtown area. The site on Tommy Henrich Drive was found to be less than half a mile away, least impactful to the ridership and existing route structure, and provided the room needed to construct a building with space for buses, vans, and a small adjacent parking lot.

Conclusion

It was determined that based on the alternatives available at the time and in the vicinity of downtown Massillon, the site at 227 Tommy Henrich Drive NW had no disparate impact on any protected class of Title VI. It would be a good solution for SARTA establishing a facility that would serve the needs of the organization and community by providing convenient access to Massillon area routes, indoor facilities, and customer service and ticket purchasing. This area is already part of a street that the city has been redeveloping with newer businesses, accessible sidewalks, and attractive streetscapes.

U.S. Department of Transportation Federal Transit Administration REGION V Illinois, Indiana, Michigan, Minnesota, Ohio, Wisconsin 200 West Adams Street Suite 320 Chicago, IL 60606-5253 312-353-2789 312-886-0351 (fax)

August 3, 2022

Mr. Kirt Conrad SARTA 1600 Gateway Blvd SE Canton, OH 44707

Re: Protective Acquisition Approval

Dear Mr. Conrad,

The Federal Transit Administration (FTA) has completed its review of your request for an environmental determination for the early acquisition of property for the Massillon Project. Based on recent conversations, the FTA determines that the project qualifies as a categorical exclusion under 23 CFR § 771.118(d)(3)(ii):

"Protective acquisition is done to prevent imminent development of a parcel which may be needed for a proposed transportation corridor or site. Documentation must clearly demonstrate that development of the land would preclude future transportation use and that such development is imminent. Advance acquisition is not permitted for the sole purpose of reducing the cost of property for a proposed project."

Please note that NEPA must be completed for the Massillon Transit Center Project and no modifications or work should begin on the parcel(s) until the completion of NEPA and you receive a NEPA approval letter. The FTA cannot participate in the land value as in-kind or reimburse acquisition costs. Region V will review the revised DCE checklist that was sent on May 31 and if the responses are satisfactory, issue a NEPA approval letter.

If you have any questions concerning this approval or the next steps in the NEPA process, please contact Jay Ciavarella at (312) 353-1653.

Sincerely, KELLEY Digitally signed by KELLEY BROOKINS BROOKINS Date: 2022.08.03 15:17:11-05'00'

Attachment 14 Subrecipient Questionnaire

SUB RECIPIENT QUESTIONAIRE FOR TITLE VI

1. Notice to the public

FTA requires that each grantee notify the public of its rights under Title VI and include the notice and where it is posted in the Title VI program. The notice must include:

- A statement that the agency operates programs without regard to race, color, and national origin.
- A description of the procedures that members of the public should follow in order to request additional information on the grantee's nondiscrimination obligations.
- A description of the procedures that members of the public should follow in order to file a discrimination complaint against the grantee.

List vehicles that you have obtained through Grant 5310 and where Title VI poster is posted:

TITLE VI COMPLAINTS, INVESTIGATIONS AND LAWSUITS

FTA requires that the Title VI program include a list of transit-related Title VI complaints, investigations, and lawsuits. Please note that EEO and ADA complaints are not Title VI complaints so do not list them.

2. Have you had any Title VI complaints, investigations, or lawsuits related to your transportation services? If yes, please complete the following table.

| Туре | Date | Summary | Status | Action(s) Taken |
|----------------|------|---------|--------|--------------------|
| Complaints | | | | |
| Investigations | | | | |
| Lawsuits | | | | |

| Enterprise Resource Planning Software Replacement | SARTA will be replacing its current ERP system (Microsoft Dynamics GP 2016 R2) with a modern, intuitive, and customizable system. Currently, the RFP for the ERP is out, and those proposals are due by Feb. 12 th , 2024. | Active | N/A | 1% |

Installation of JRV Validators for EZFare

Project Description and Scope: SARTA will begin outfitting their revenue fleet with JRV validators that will authenticate SARTA riders who use the EZFare app for bus fare. Currently, riders show their phone to drivers for visual validation in order to board the bus. This process is tedious and can lead to riders boarding with 'faked' fare, such as screen shot image or a screen recording of an old EZFare QR code.

After the JRV validators are installed, the rider will place their smartphone up to the validator's bar code scanner and it will authenticate the rider's fare and announce with a loud audio beep and a green check mark for OK, or a loud buzz and red X for Not OK. The JRV Validator will only allow those fares that are current and valid to work, thus alleviating the risk of any 'faked' or phony EZFare QR Codes.

| Project Approval: Estimated Project Cost: Est. 3 Future Yrs. Operational Cost: | June 14, 2021 \$165,000.00 | Project Manager: (Est. planning, execution, close | Craig Smith e-out) |
|--|-------------------------------|---|----------------------------|
| Execution Project Cost: Execution Start: | \$165,000.00 1/14/2022 | Execution Cost to Date: Execution End: | \$141,369.00 04/02/2024 |
| Funding Source for Project Cost Federal award Local match | 100% 0% | <u>Vendor(s)</u> Masabi Morrison Custom Welding | \$137,000.00 \$4,369.00 |

Project Status: The installation of the production Masabi JRV has begun and to date we have sixty-seven (67) JRVs installed on buses in the SARTA fleet. We did not meet the goal of installing all of the fleet in 2023 due to the delay in receiving the new buses. In 2024, we have begun receiving the new buses, and will continuing installing the JRVs as the new buses roll in.

Trapeze PASS/FX/BlockBuster Version 21 Upgrade Project

Project Description and Scope: SARTA utilizes the software package Trapeze PASS/FX for its paratransit, demand response scheduling and FX/BlockBuster for fixed route scheduling. This software is critical for many of SARTA operations such as, client management, ride scheduling and efficiency. SARTA has used this software to minimize operating costs and providing excellent, responsive service. It is also the platform that allows SARTA to provide online trip booking, real-time scheduling and service dispatching.

| Project Approval: Estimated Project Cost: Est. 3 Future Yrs. Operational Cost: | 12/25/2023 \$10,500 | Project Manager: (Est. planning, execution, clo | Craig Smith se-out) |
|--|------------------------|---|------------------------|
| Execution Project Cost: Execution Start: | \$0.00 2/24/2024 | Execution Cost to Date: Execution End: | \$0.00 TBD |
| Funding Source for Project Cost Federal award Local match | 80% 20% | <u>Vendor(s)</u> Trapeze Group – Software v | endor |

Project Status: SARTA IT will begin working with Trapeze Group for the next several months to begin the upgrade of several Trapeze modules. The need to upgrade comes from the on-boarding of the new Workforce Management software (formerly Trapeze OPS) in which the upgrade to version 21 is necessary. We have begun the process of creating new servers and will be installing the new software for all the (10) Trapeze modules that need to be upgraded.

Massillon Passenger Information Sign Project

Project Description and Scope: SARTA's brand new Massillon Transit Center will come online in March 2024. As one of SARTA's popular transit hubs it was necessary passengers even more information. SARTA chose to purchase MPTV EX37sw from Message Point Media. These displays are the next generation and a powerful content management system that integrate with a wide variety of different software systems and web services. These signs were purchased for Massillon Transit Center back in 2022.

| Project Approval: Estimated Project Cost: Est. 3 Future Yrs. Operational Cost: | 10/25/2021 \$80,000 | Project Manager: (Est. planning, execution, clos | Craig Smith e-out) |
|--|------------------------|---|------------------------|
| Execution Project Cost: Execution Start: | \$80,000 01/21/2024 | Execution Cost to Date: Execution End: | \$80,000 03/08/2024 |
| <mark>Funding Source for Project Cost</mark> Federal award Local match | 80% 20% | <u>Vendor(s)</u> Message Point Media Avail Technologies | |

Project Status: This project will be completed by March 2024, all six (6) signs will be provisioned by SARTA IT. The signs were installed by the contractor on the project. SARTA's Marketing department will be providing the content for the screens, along with the route information.

Enterprise Resource Planning Software Replacement

Project Description and Scope: SARTA will be replacing its current ERP system (Microsoft Dynamics GP 2016 R2) with a modern, intuitive, and customizable system.

| Project Approval: Estimated Project Cost: Est. 3 Future Yrs. Operational Cost: | 10/25/2023 N/A | Project Manager: (Est. planning, execution, clos | Craig Smith se-out) |
|--|-------------------|--|------------------------|
| Execution Project Cost: Execution Start: | N/A TBD | Execution Cost to Date: Execution End: | N/A TBD |
| <u>Funding Source for Project Cost</u> Federal award Local match | 80% 20% | <u>Vendor(s)</u> | |

Project Status: This project is in the RFP stage. Proposals were due Feb. 12th, 2024 at 3PM EST. We are currently in the process of scoring the received bids.

- 15 employees on FMLA intermittent leave
- 6 employees on Short-Term Disability

General Human Resources Functions

- Michael Mouser, Sheila Gines, and Lauren Barnes will be attended the In-Value-Able Conference in Cleveland on 2-20-23 and 2-21-23. This conference offers valuable education and networking for employee benefits and wellness program managers, human resource professionals, business leaders, executives, and community leaders. The conference registration fees were covered by the Health Transit Pool of Ohio
- 13 team members have joined Weight Watchers through the Health Transit Pool of Ohio. They will be completing a 6-month program with app access and virtual/in person meeting.

Training

- 4 New CDL drivers are currently in training.
 - 3 of them will be testing for their license on Wednesday, February 28.
- Have a new CDL class set to start on March 4^{th.}

Talent Acquisition

- Executed a significant effort to recruit CDL Coach Operators:
 - Generated 487 unique applications.
 - Conducted 78 interviews.
 - Extended 28 conditional offers of employment
 - Class will begin on 3/4/2024.
- Two Class "C" Maintenance Technicians will be beginning employment on 2/12/2024.
- Road Supervisor will be starting 2/26/2024 (Promotion from CDL Coach Operator).
- Dispatcher will be starting 2/26/2024 (Promotion from Road Supervisor).
- Maintenance Supervisor will be starting 3/11/2024 (Promotion from Road Supervisor).

Having one voice for Akron in the U.S. House brings many benefits

Akron Beacon Journal editorial board Akron Beacon Journal Published 6:02 a.m. ET Jan. 14, 2024 | Updated 6:02 a.m. ET Jan. 14, 2024

When Rep. Emilia Sykes was minority leader of the Ohio House, she'd sit down each term with her Democratic freshman colleagues and ask them, "What does success look like for you?"

Inevitably, they'd share grand but unrealistic plans — things like, "I'm going to fix the school funding formula."

Sykes realized as a Democratic leader in a Republican-controlled state legislature that she had to choose her battles and find ways to help her constituents. She knew getting her bills passed would likely be an uphill battle.

Effective lawmakers find ways to assist those they were elected to serve and to advocate for their community, even when gridlock makes it nearly impossible to get laws passed.

Sykes has taken this approach with her to Washington as she begins the second year of her first two-year term representing Ohio's 13th Congressional District.

During a recent meeting with the editorial boards of the Akron Beacon Journal and Canton Repository, Sykes shared how she has tried to effectively navigate what she calls "one of the least effective Congresses in modern history" to benefit the region.

Her tenure marks the first time in decades that Akron and its nearly 200,000 residents are represented by a single member of the U.S. House of Representatives. The city's power had been diluted because lawmakers carved the city into as many as four separate districts.

It's a welcome change.

"We did not seek out a very broad package of legislative activity because, quite frankly, I just didn't think it was going to be very fruitful to do so," Sykes said. "And I'm very glad that we made that decision, because you could spin your wheels pretty significantly trying to put together a lot of legislation for it to go nowhere."

Instead, Sykes secured appointments on the House's Transportation and Infrastructure Committee and the Science, Space and Technology Committee — bodies that are important to the region, especially as Akron seeks to capitalize off its polymer expertise.

In October, the U.S. Department of Commerce named Akron one of 31 new federal tech hubs from more than 400 applicants across the country. Akron's polymer cluster will now compete for about \$500 million in funding from the bipartisan CHIPS and Science Act. Between five to 10 of the hubs will receive up to \$75 million each.

This potential influx of federal funding could be exactly what Akron needs to take advantage of its historical strengths to expand the local economy.

Sykes has been working with the Greater Akron Chamber and other regional partners in the initiative to help strengthen the application. There's also more clout, as she said, in a letter of support "from a member of Congress who actually lives here and is going to ask and lobby and continue to advocate in a way that we really haven't had because all of our members of Congress lived elsewhere for so many periods of time."

When the Federal Railroad Administration announced last year that Ohio is in line for service expansion but Akron and Canton weren't part of the plans, Sykes took notice.

"No one even bothered to mention Akron-Canton in the conversation," she said. "It just never came up. And that is what I hear over and over. No one said it; no one said those two communities."

She then met with the Amtrak CEO to urge future expansions to include the region, citing such benefits as connecting travelers with Akron-Canton Airport and workers in Central Ohio's growing job market with Greater Akron's more affordable housing stock. There's no word yet whether her request will go anywhere, but at least someone is speaking up for the region.

During her tenure, she brought back \$100 million in federal dollars to the district. The Akron Metro RTA station, for example, received a \$37 million grant to build a new facility. In Stark County, SARTA is getting another \$4 million in federal funds to continue to be the leader in hydrogen-powered vehicles in the country.

As a legislator, Sykes can't write grants for constituents, but she has knowledge of what grants are available, and she can share advise on how to secure them.

There is still a lot work to be done — a fact Sykes readily acknowledges. Too many Akron-Canton residents still struggle to make ends meet or pay off students loans. Downtown Akron 138 has many vacancies to fill in a post-COVID, work-from-home era. And local businesses need more workers.

What's Sykes' No. 1 priority for the remaining year of her freshman term?

"So it's pretty boring," she said. "I just want this government to work for people in this area."

In these times of uncivil discourse and ineffective division in federal politics, we'll take boring any day.

Resolution #_____, 2024

A Resolution To Dispose Of Obsolete And Unusable Vehicles

Whereas, this resolution authorizes the Executive Director/CEO to dispose of Obsolete and unusable transit vehicles; and

Whereas, there are a total of seven (7) obsolete or unusable transit vehicles to be disposed of, including the following;

| Bus Number | Make | Reason for Disposal | VIN |
|------------|--------|--------------------------|-------------------|
| 1081 | Gillig | EXCEEDED USABLE LIFE | 15GGB2715A1178591 |
| 1186 | Gillig | FIRE DAMAGE/USEABLE LIFE | 15GGB2716B1178596 |
| 1239 | MV-1 | EXCEEDED USABLE LIFE | 523NF1B6XCM101349 |
| 1244 | MV-1 | EXCEEDED USABLE LIFE | 523MF1B66CM101056 |
| 1246 | MV-1 | EXCEEDED USABLE LIFE | 523MF1B63CM101466 |
| 1231 | Ford | EXCEEDED USABLE LIFE | 1FDFE4FS6CDA21701 |
| 1248 | MV-1 | EXCEEDED USABLE LIFE | 523MF1B61CM100901 |

Now, therefore, be it resolved by the Stark Area Regional Transit Authority Board of Trustees, that the Executive Director/CEO has the authority to dispose of these vehicles.

Resolution # _____, 2023

A Resolution To Apply US DOT's Raise Grant Year 2024

Whereas, the Stark Area Regional Transit Authority (SARTA) has the largest Hydrogen Fuel Cell Bus fleet outside of California;

Whereas, SARTA is leading efforts to educate and expand the use of hydrogen as a transportation fuel;

Whereas, this grant application seeks to plan the deployment of hydrogen infrastructure from New York City and Chicago;

Whereas, the States of New York, New Jersey, Pennsylvania, Ohio, Indiania, Michigan, and Illinois will be participating in the \$25 million 100% federal grant with no local match; and

Now, therefore, be it resolved by the Stark Area Regional Transit Authority Board of Trustees that the Executive Director/CEO is hereby authorized to execute, file, and submit an application to U.S. DOT on the behalf of SARTA, Raise Grant funding for FY2024, as well as any subsequent assurances or other documentation required by US DOT, in connection with said application and funding allocation.

Date

Board President

Resolution # _____, 2024

A Resolution To Approve SARTA's 2024 Title VI Program

Whereas, SARTA is a recipient of Federal funds and all recipients are required by the Federal Transit Administration (FTA) to submit an updated Title VI Program to update, change, or explain policies, practices, and procedures to comply with all Title VI regulations as defined for transits by FTA 49 CFR Part 21 and outlined in Circular 4702.1B, "Title VI Requirements and Guidelines for Federal Transit Administration Grantees"; and

Whereas, SARTA has completed the required updates to the Title VI program, which is due April 1, 2024, and will be active through the following three (3) years pending FTA review and concurrence; and

Whereas, Title VI of the Civil Rights Act of 1964 ensures that public transportation and other FTA-funded services are provided to the public without regard to race, color, or national origin; and

Now, therefore, be it resolved by the Stark Area Regional Transit Authority Board of Trustees that the Title VI Program for years 2024-2027 be adopted and submitted to the FTA on or before April 1, 2024, for review and concurrence.
