Board (Quorum Present) James Reinhard (Vice President), Margaret Egbert, Rex Morey, Chet Warren, and Myra Watkins.

Excused

Ronald Macala (Board President), Gregory Blasiman, and NaSheka Combs-Lemon. Mr. Warren moved to accept the excused absences. Ms. Egbert seconded the motion; the vote passed unanimously.

Staff

Kirt Conrad (Executive Director/CEO), Craig Smith (Director, IT), Clayton Popik (Director, Development & Special Projects), Tammy Marie Brown (Director, HR), Latrice Virola (Director, Planning), and Sheila Gines (HR Administrator).

Other

Paul Malesick (Paul H. Malesick Law, LLC).

Approval/Correction of Minutes

March 23, 2025 – Regular Meeting Mr. Morey moved to adopt the minutes of March 23, 2025. Ms. Egbert seconded the motion; the vote passed unanimously.

Public Speaks

SARTA Employee Attendees – Lisa Turner, Nicholas Breinig, and Jeffery Jamison. SARTA Speakers – Jamison Keyton-Penrod, Lee Brunckhart, Christopher Wagoner, Steven Dalessandro, and Joseph Risby (Union President).

- The morale among the coach operators is the lowest it has been. Most driver employees do not want to come to work. Some are even thinking about early retirement or considering looking for a change of employment.
- The support supervisors distribute discouraging and ununified messages to the drivers; it all depends on the day and with whom you speak. It is very

disappointing when you are already struggling with work and do not receive the support we desperately need.

- What's next? What is going on now? Can someone enlighten us employees and tell us where we are going as a company?
- We have great people who work here at SARTA, and together, it can be a great place to work again. We need to collectively work together to get it back.

• Board Committee Report

• A finance meeting will be held at 4:00 PM on May 14, 2025, at 4:00 PM.

Departmental Reports

• Transportation & Maintenance

- The ridership for fixed routes is about the same year-to-date as in 2024. PARA ridership is down but is holding steady at around 7,000 rides.
- Nine (9) out of the twelve (12) vans ordered are received.
- We have been putting about 70,00 fewer miles on our vehicles since the service changes, allowing maintenance to maintain without becoming overwhelmed by their workload.

Transportation & Maintenance goals accomplished in 2024

- The development of staff members.
- On demand service pulled back to ³/₄ of a mile of a fixed route.
- *Relationship established with RG Drage to recruit maintenance candidates who may build a career with SARTA.*
- All maintenance staff trained and cross trained on all the different vehicles SARTA operates.
- Ensuring all vehicles and equipment are up to date in good working order.

• Finance

- Budget is down and budget revenues are up.
- Sales tax was about \$175,000 up. We are still waiting for federal grants to be approved for the first part of the federal fiscal year 2025. We now carry about 2.5 million dollars of federal grant receivables, which looks like it is about another four (4) weeks out.
- SARTA is up to date on invoice payments with HTOP at this time.
- FTA has cut its staff by 10%, which means that job duties will be shuffled around and will more than likely cause delays.

Finance goals accomplished in 2024

• The ERP procurement was completed.

• Special Projects & Development

 Air Products will be rapping up in the next couple of months. Storage, dispensing, and compressing will go through a commissioning phase in May. The big tank swap is still on schedule and will be completed in June.

Special Projects & Development goals accomplished in 2024

- Updated SARTA's Title VI policy.
- New Administration and Massillon buildings were closed out at the end of November.
- SARTA assisted Wooster in obtaining additional funding through ODOT, allowing us to assist them a little longer than anticipated.

• Customer Relations

- We have been working closely with IT on the upgrade to the new phone system.
- Working on a plan to ensure staffing at the Alliance Transit station Monday through Friday beginning May 5, 2025.

Customer Relations goals accomplished in 2024

- Several marketing campaign successes.
- Constructed a marketing campaign for SARTA Connect.
- SARTA was involved in radio ads, ads, and sponsorships in the community.
- Created public notices and ads for the meetings relating to Wayne County and all the Proline changes.
- CSR Representatives promoted the Score and TouchDown cards and assisted individuals in transferring and using them.
- Attended outreach events regarding marketing campaigns.
- SARTA had a Stark County Fair presence.
- Assisted IT with introducing the TVM (Ticket Vending Machines) to all four (4) transit stations.
- Communicated with the community about the changes in service SARTA implemented and how it would impact the individual(s) personally.
- SARTA took over all the customer service of EasyFare for all the transits.

• Information Technology

- The phone system replacement is going well and on schedule. SARTA's go live date is May 7th. IT will work closely with staff to ensure everyone receives proper training to use it effectively.
- SARTA's new ERP system is not in place yet. It isn't scheduled to Go-Live until around November 2025. We will start our proof-of-concept next week, which will last the entire week of April 28th-May 2nd. Proof-of-concept will validate the feasibility and effectiveness of the solution. Infor will be using

our data for the proof-of-concept demonstration. If successful, will then work to move to the pilot and finish out in production November 2025.

Information Technology goals accomplished in 2024

- IT had some twelve (12) month-long projects.
- The Yard Management is about 85% done.
- IT implemented Workforce Management software for Dispatch, which is about halfway finished (paper to electronic).
- ERP, Phone System (RingCentral), and the TVM installation in all the transits.
- Maintenance installed the ticket validator and cashless fare boxes into the buses, which work well. The next phase will have our fareboxes accept credit cards.

Human Resources

- HR advertised Non-CDL openings. We made twelve (12) offers. Part of them started on Monday, April 21, 2025. The remaining will begin on Monday, April 28, 2025.
- We partnered with customer relations with the Stuff the Bus campaign for Canton Food Bank.
- HR is working on CPR/1st Aid training for anyone's certificate expiring this year.

Human Resources goals accomplished in 2024

- Increase retention rate with exit interviews, we will continue to gather pertinent information to assist in continual improvement in this area.
- Improved employee culture.
- Employee files are now digitally maintained through Iron Mountain.
- Community involvement with Habitat for Humanity Assisted with the Compton School beautification.
- Educating employees on how to use UKIG effectively.
- *Reevaluated and adjust benefits. FMLA and Short-Term Disability will be managed internally.*
- Researched and found a company to be a better fit for SARTA and our FTA needs related to Drug & Alcohol testing and DOT physicals.
- Deferred Compensation education prompted new hires to sign up to take advantage of the benefit.
- HR hosted a Health Fair.
- Communications from the Executive Director/CEO Updates
 - None to report at this time.

SARTA has contracted with Air Products to upgrade the Hydrogen fueling and storage compound. Now that supply chain issues are resolved, and all components are finally in Air Products' possession, mobilization should begin **on October 28th**.

The first phase will be additional storage, dispenser upgrade, and providing public point-of-sale. The enhancements will allow SARTA more access to their fleet and make hydrogen available to other operators wishing to use hydrogen fuel-cell technology for their fleets. The changes in dispensing capabilities will also allow for a broader range of vehicles to be fueled here at SARTA.

The tank exchange will be the next phase, scheduled to begin in late March 2025, taking SARTA from a 9,000 lbs. storage capacity to 18,000 lbs. The new SARTA Hydrogen fueling station will be ready for future Hydrogen-based improvements, such as the Hydrogen Electrolyzer that will be constructed around 2026-2027.

Project Status:

Air Product's commissioning team deployed last Monday to begin activating all of the new components constructed last fall at the hydrogen station. Commissioning is expected to run for the next three weeks ending on June 12th. June is also the expected tank exchange.

The FTA requires all recipients to produce a Transit Development Plan (TDP). SARTA worked with a consultant to produce a 5-year plan in 2020. This plan provided a picture of the services SARTA provided at the time as well as laid out a series of nine (9) recommendations and strategies on how to improve upon and expand those services. This update, scheduled for completion at the end of 2025, will evaluate what changes were made in the last five (5) years and how those changes align with the 2020 recommendations. The 2025 plan will also provide SARTA with any recommendations that should be carried forward from 2020 as well as any new that may better serve the community acknowledging any changes in transit usage since 2020.

Project Status:

Development and Planning have been working together to mine and study the service data for the last five (5) years. Comparisons are being made on route performance such as services hours, service miles, frequency, ridership, and areas of coverage. The current service being provided is also benchmarked against data and recommendations from the 2020 plan.

Project Queue

Centralized Call Center:

We continue working with IBI Group and NEORide to finalize our plans to host a centralized call center for northeast Ohio transit authorities that wish to participate in this project. We are working out operational and personnel logistics to start this. SORTA began a similar project last year in southwest Ohio.

Hillside Driveway:

Part of SARTA's recent 5339c LoNo award will go toward constructing a second Gateway Boulevard entrance for visitors and staff coming to the Administration Building. The new entrance will help separate conflict points between cars and buses, creating a second point of ingress and egress from the property. This project was to be part of the original Gateway Early Sitework project but due to funding was delayed.

Garage Roof Replacement:

Another part of the 5339c LoNo award is for replacing the garage roof, which is nearing the end of its warrantied life. Over the last year, minor repairs were necessary to make.

Parking Lot Paving:

With the continual construction traffic over the last three years and our use, the asphalt portions of the parking lot have seen a lot of wear and tear. Pavement grinding and replacement is another project that has received funding through the 5339c LoNo award.

Operations Building Renovation:

As we complete the Administration Building and move staff into it, we will fully understand the needs of the current Operations Building. It will continue to house two departments – Operations and Customer Relations. We have been working with Bowen to come up with a renovation plan that will allow the building to contain some of the same features that were incorporated into the new building, such as increased break space for employees, upgraded restrooms, a new elevator, and more workspaces to reduce the number of shared workspaces where there may be 2-4 people working at a time. The centralized call center is also essential to renovating this building to create space for the staff that would help operate it. This renovation also received its total Federal share from the 5339c LoNo award.

Project Status:

From April 28th-May 2nd, 2025, the SARTA's ERP project team, GForce, and SARTA's consultant, Tarak Shah completed the proof of concept (POC) for the Infor CloudSuite. The POC was a preliminary exercise that validates the functionality, suitability, and effectiveness of the Infor CloudSuite solution within SARTA's organizational context.

The proof of concept was performed to demonstrate how the Infor system can meet SARTA's requirements before the full-scale implementation. This helped us here at SARTA assess the potential impact of the Infor CloudSuite system will have on our operations. The POC did go very well. GForce Technology Consuling who operate as partners with Infor, did an excellent job demonstrating the Infor CloudSuite for SARTA, as well as, showing how effective this solution will be for SARTA for many years.

The next phase of implementation is to begin configuring and testing the integrations the Infor CloudSuite will have with various other software packages that SARTA utilizes.

The primary goal of this project is to implement the Yard Management solution at our Gateway facility, which will be accomplished by deploying new Yard Manager RTLS Software and Hardware. This solution will allow the vehicle locating technology inside the Gateway facility, providing real-time vehicle location data. At the Gateway facility, the Yard Manager solution will strengthen the overall efficiency of SARTA's transit

operation by:

• Providing accurate location information for vehicles inside the Gateway facility parking and maintenance areas, thus eliminating the need for manual yard walks and enabling staff to quickly find assigned vehicles for pull-out or maintenance

- Automatically populating the parking grid in Workforce Management/OPS with the locations of parked vehicles inside the Gateway facility, eliminating the need to manually enter vehicle locations
- Providing at-a-glance situational awareness by displaying vehicle positions in map and grid views and styling them based on status information
- Tracking key status elements that drive garage performance and service readiness such as fuel and wash status

The Onsite Yard Management project User Acceptance Testing (UAT) will be held on June 11th. Training Phase 2 of the project show advanced functions, maintenance training will be two weeks after UAT. SARTA's brand new (12) buses will have to be outfitted with the asset tags that provide location data for this system of each bus. QMI will return to install and also train SARTA maintenance of how to install and maintain these asset tags.

Trapeze Workforce Management is a solution that is fully optimized to manage the transit workforce, empowering SARTA's team to meet ever-changing service and rider demands, and will maximize operational and cost controls. Trapeze's Workforce Management solutions help agencies minimize unnecessary time at the garage and also helps an agency be more agile, by providing flexibility and real-time updates to support our changing business needs.

Below are a number of ways in which Trapeze Workforce Management will be helpful to SARTA's workforce:

- Sign in with contactless badge scans eliminating walking up to the window to check in, waiting to verbally ask what work you have, and face to face communication with dispatch
- Display boards showing pullout time, vehicle assignments, vehicle location and extra board assignments
- Allow employees to access information 24/7 remotely work assignment details, review paddles, request absences, check accruals, sign up to volunteer, and even complete bids.
- Can eliminate the need for SARTA's operators to call dispatch or travel to the garage to fill out paper, minimizing the time commitment for operators, and letting dispatchers focus on ensuring service is delivered on time.
- Push alerts and notifications using email, text/SMS, and online messages to ensure everyone is updated in realtime.
- Keep SARTA's employees informed at all times with messages, detours, and documents.

Project Status:

SARTA and Trapeze are still working on the test environment. This is a complex phase of the design, as this system will interact with SARTA HRIS system and operations, as well as the new Yard Management system that is being implemented.

SARTA will be replacing its 12 year-old Shoretel/Mitel phone system. Shoretel was acquired by Mitel back in September of 2017. Mitel had been maintaining the brand until they announced in July of 2023, that they would end-of-life Shoretel, by 2029. Mitel then moved up the end-of-development to December 31, 2025.

What that meant for SARTA is that after December 31st, 2025, there would be no more operating system updates, patches, or security updates. Hardware support would depend on the availability of spare parts, the Shoretel system may lag in functionality and security, users would face scalability, cybersecurity, and support challenges.

After actively researching for a period of about six (6) months and having a variety of demonstrations by various phone system representatives, such as MiVoice Business, Maven Cloud, 8x8, Vonage and RingCentral. SARTA decided to move forward with a cloud-based phone system and chose RingCentral.
